

Tennis Court Usage Guidelines

To ensure fair and enjoyable access for all players, please follow these rules:

General Court Usage

1. Courts are available through our reservation system on a first-come, first-served basis unless reserved for priority usage such as league play, make-up matches, lessons, or junior's programs.
2. Proper tennis attire and non-marking shoes are required on the court.

League Play

1. Courts are reserved for scheduled league matches during designated league hours.
2. Players are expected to arrive at least 15 minutes prior to their match start time.
3. League captains should ensure match results are recorded and submitted promptly.
4. Spectators are welcome but should remain outside the court boundaries and avoid disrupting play.

Make-Up Matches

1. Make-up matches must be scheduled through the court reservation system (online or in person). Contact Tennis Management promptly to schedule court use if you are unable to book a court in the league allotted timeframe.
2. Make-up matches can only be scheduled during non-league hours to avoid conflicts.
3. Lessons and Juniors court should be utilized based on priority.
4. If a match is canceled due to weather or other circumstances, players must reschedule within the timeframe established by the league
5. Players should check reservemycourt.com for available courts when scheduling a make-up match. This should be done promptly, as court availability will diminish as entire team matches are rescheduling.

Priority Usage

1. Priority usage is granted for the following:
 - **League Play:** Courts are automatically reserved during league hours.
 - **Scheduled Make-Up Matches:** Matches must be officially booked through the reservation system. Players should look for days and times where courts are available in scheduling their matches. Do not assume that the Tennis Management will be able to reserve a court when none are showing available. Tennis Management will work players to accommodate scheduling conflicts in a reasonable manner.
 - **Lessons:** Courts are reserved for private or group lessons as scheduled with coaching staff.
 - **Juniors Programs:** Courts are allocated for juniors training sessions and programs during designated times.

- **Tournaments or Special Events:** Courts may be reserved for exclusive use during facility-hosted events.
- 2. During priority usage, players not involved in the event, match, lesson, or program are kindly asked to vacate the courts.

Facility Courtesy

1. Please keep the courts clean—remove all trash, water bottles, and personal items after playing.
2. Avoid loud conversations and music during matches out of respect for others.
3. Report any damage or issues with court equipment (nets, lights, etc.) to staff immediately.

Thank you for following these guidelines. Let's keep our courts a welcoming and enjoyable space for everyone!
